

THE FRESNO ORIGINAL™

Cannabis Dispensary • Est. 2019

ReviveAM and RelaxPM vapor pens were created to help you make the best of your day. With separate formulas for both day and night, patients can make the best of each day with effective relief customized for daytime and nighttime needs.

ReviveAM daytime contains a balanced formula that gives patients a boost in their day while helping them with pain management. Each pen contains 115 mg of CBD and 115mg of THC, plus a blend of terpenes to offer an uplifting experience without grogginess or sedation.

The RelaxPM nighttime formula helps patients wind down and fall into a restorative sleep. Each RelaxPM pen contains 23 mg of CBD and 207 mg of THC plus a blend of terpenes to offer a relaxing experience that promotes a good night's rest.

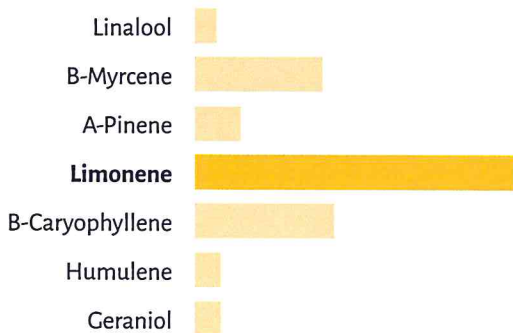

ReviveAM | RelaxPM Vaporizer Pen Set

Explore each formula's unique terpene profile and cannabinoid content, created to help you through your entire day.

ReviveAM

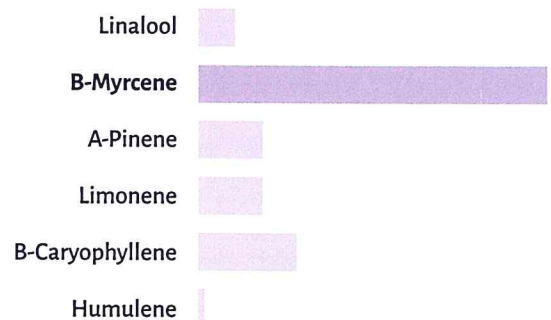

115mg CBD • 115mg THC per Pen

Contains a proprietary blend of terpenes including a high amount of the energizing **Limonene**, perfect for providing a balanced boost for a productive day.

RelaxPM

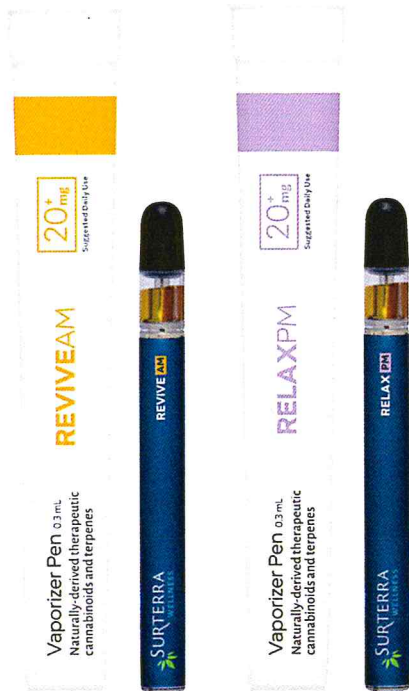

23mg of CBD • 207mg of THC per Pen

Contains a select blend of calming terpenes, including **B-Myrcene**, in order to promote sedation and relaxed mind for a restful night.
